Run by the former UK#1 Paintball player, Tommy 'Gun' Pemberton, GO Paintball London is striving hard to always set new standards in outdoor action entertainment. Utilising brand new junior equipment and high quality 'low impact' paintballs, our Mini Paintballing is a safe, super fun way for younger players (ages 8-11) to enjoy this awesome activity with their friends, whilst running around and exploring our incredible Forest game maps!

## INTEL FOR PARENTS

Mini Paintball is so fun and completely safe - our 'low impact' Mini Paintball Guns and high quality Paintballs shoot great but hit with the impact of a strong 'flick', so don't worry about the old Paintball 'pain' stories! All players are issued with the best, age appropriate Kids 'low impact' Paintballing guns, 'Full head' Goggle systems and smaller Camouflage Ninja suits, to keep them safe, clean and Camo'd for Forest games.

Our fully trained Events Staff host the event and chaperone players at all times. Full briefings for safety and operations are given to all players and the event is fully structured, with different missions and objectives for Kids to achieve throughout a party over multiple Forest game maps.

Just like popular computer games, there are also 'collectables' such as shields and different guns hidden throughout for players to find and use!

Car Sharing is strongly advised for ease, with ideally 3-4 participants in each vehicle. We have free parking at the venue but it is limited per party. Entry forms will be available on the day for each participant to complete, which can be countersigned by a parent or guardian (the party organiser).
