Run by the former UK#1 Paintball player, GO Paintball London is the premier Paintballing venue for London, Surrey and Kent – providing the freshest, most exciting and immersive Paintballing experiences possible for all ages!

We are one of the only venues in the world to offer brand new technology Paintballing guns, that are more accurate, light weigh and 'lower impact' than old paintball guns, and all issued equipment has been handpicked to give total safety and the best performance for our players.

Our main Paintballing events are the ultimate experiences we offer, allowing kids aged 10 and above to play up to 9 varied Paintball games over 50 acres of our themed Forest battlefields!

## INTEL FOR PARENTS

All players receive a Free 9" Pizza Hut Pizza lunch within their Paintball packages, along with a bottle of water, to keep everyone well fuelled until home time.

We are an outdoor Forest venue so all participants will need to wear comfy weather appropriate clothes, and trainers or boots that they (or you!) do not mind getting muddy. A change of shoes for the children is advisable so they are not going back into cars muddy.

Entry forms will be available on the day for each participant to complete. These will need to be countersigned by a parent or the group organizer (over 18) as a guardian.

Car sharing is strongly advised due to limited parking at the venue itself, and ease of collections at the end of the session.
